## Experience

### Senior Web Design Technologist

#### Sun Microsystems, Inc. – Mar . '99 / Present

Responsible for creating, documenting and maintaining the HTML, CSS, and Javascript standards for sun.com and 38+ worldwide sites. Ensuring templates and stylesheets for Sun are optimized for efficiency in both download and rendering in a wide array of platforms and languages including Korean, Japanese, Chinese and right-to-left reading Hebrew.

### Eight Shapes, LLC – Consultant

Assisted Eight Shape's principal Nathan Curtis with consulting sessions for Cisco Systems on creation, documentation and management of a large scale HTML component based design system.

### Fishbowl Design – Contract

Created two sites for clients based on designs from Fishbowl. One for an optometrists and one for a dressage horse trainer. For the later I convinced Fishbowl to adjust the design so we could make it work within a Wordpress blog, allowing the client to easily make edits.

### Oblix, Inc. – Contract

Constructed master CSS and HTML templates for the oblix.com 2003 redesign. Due to an Oracle buyout, this site no longer exist.

### Graphic Designer / Web Designer
